

# SJDC TAKES ON CANADA

2023 information booklet

7th July - 21st July

## Our Vision

SJDC decided to create a trip to Canada every second year to create an opportunity for our students to be inspired by teachers and students across the globe. This trip is designed to open the students eyes to a world of opportunities and creating friendships overseas. All while they deepen their knowledge of the performing arts.

It is an opportunity of a lifetime.

## Fundraising

We will work as a team to create different fundraising options for the students but we ask the parents/students to get involved and create ideas for fundraising as we will not be able to organize it all. With all money raised the week before we fly out we split all money made between the students. This means you will still need to pay the full amount but will get whatever money is fundraised back to you before we leave.

This is to ensure we can book accommodation etc. So we ask for each fundraising event each student going on the trip will have to participate (if you can't make the event then you will help with the organising/getting the word out there etc.)

Last Canada trip we did:

---

- 
- 2 x Sausage Sizzle
  - Easter gift pack raffle
  - Private movie screening (this was our most successful event)
  - Students ran a few open workshops for anyone to come along and join
  - Give a little page
  - Quiz Night
  - Performance Night (at the Blyth)

These are just a few ideas but the more effort the students & parents put in the more the students will be able to get the money back to pay for their trip.
